¹ The American Academy of Actuaries is a 19,500-member professional association whose mission is to serve the public and the U.S. actuarial profession. For more than 50 years, the Academy has assisted public policymakers on all levels by providing leadership, objective expertise, and actuarial advice on risk and financial security issues. The Academy also sets qualification, practice, and professionalism standards for actuaries in the United States.

Please note that the subcommittee updated the claims completion pattern assumptions slightly in this analysis. The impact of this change on the RBC factors is approximately 0.01%. Otherwise, the methodology is unchanged.
