ACTUARIAL OPINION

1. There is to be included or attached to Page 1 of the Annual Statement, the statement of a Qualified Actuary, entitled “Statement of Actuarial Opinion,” setting forth his or her opinion relating to reserves specified in the SCOPE paragraph. The Actuarial Opinion, both the narrative and required Exhibits, shall be in the format of and contain the information required by this Section of the Annual Statement Instructions Property and Casualty.

The Qualified Actuary must be appointed by the Board of Directors, or its equivalent, or by a committee of the Board, by December 31 of the calendar year for which the opinion is rendered. Upon initial appointment (or “retention”), the company shall notify the domiciliary commissioner within five business days of the appointment with the following information:

a. Name and title (and, in the case of a consulting actuary, the name of the firm).

b. Manner of appointment of the Appointed Actuary (e.g., who made the appointment and when).

c. A statement that the person meets the requirements of a qualified actuary.

Once this notification is furnished, no further notice is required with respect to this person unless the actuary ceases to be appointed or retained or ceases to meet the requirements of a qualified actuary.

If an actuary who was the Appointed Actuary for the immediately preceding filed Actuarial Opinion is replaced by an action of the Board of Directors, the insurer shall within five (5) business days notify the Insurance Department of the state of domicile of this event. The insurer shall also furnish the domiciliary Commissioner with a separate letter within ten (10) business days of the above notification stating whether in the twenty four (24) months preceding such event there were any disagreements with the former Appointed Actuary regarding the content of the opinion on matters of the risk of material adverse deviation, required disclosures, scopes, procedure, or data quality. The disagreements required to be reported in response to this paragraph include both those resolved to the former actuary’s satisfaction and those not resolved to the former actuary’s satisfaction. The insurer shall also in writing request such former actuary to furnish a letter addressed to the insurer stating whether the actuary agrees with the statements contained in the insurer’s letter and, if not, stating the reasons for which he does not agree; and the insurer shall furnish such responsive letter from the former actuary to the domiciliary Commissioner together with its own.

The Appointed Actuary must report to the Board of Directors or the Audit Committee each year on the items within the scope of the Actuarial Opinion. The Actuarial Opinion and the Actuarial Report must be made available to the Board of Directors. The minutes of the Board of Directors should indicate that the Appointed Actuary has presented such information to the Board of Directors or the Audit Committee and that the Actuarial Opinion and the Actuarial Report were made available. A separate Actuarial Opinion is required for each company filing an Annual Statement. When there is an affiliated company pooling arrangement, one Actuarial Report for the aggregate pool is sufficient, but there must be addendums to the Actuarial Report to cover non-pooled reserves for individual companies.

The Statement of Actuarial Opinion and the supporting Actuarial Report and Workpapers, should be consistent with the appropriate Actuarial Standards of Practice (ASOPs), including but not limited to ASOPs 9, 23, and 36, as promulgated by the Actuarial Standards Board, and Statements of Principles adopted by the Casualty Actuarial Society.
1A. Definitions

“Qualified Actuary” is a person who meets the basic education, experience and continuing education requirements of the Specific Qualification Standard for Statements of Actuarial Opinion, NAIC Property and Casualty Annual Statement, as set forth in the Qualification Standards for Actuaries Issuing Statements of Actuarial Opinion in the United States, promulgated by the American Academy of Actuaries, and who satisfies the standards in the Qualification Standards (including Continuing Education Requirements) for Actuaries Issuing Statements of Actuarial Opinion in the United States promulgated by the American Academy of Actuaries and is either:

(i) A member in good standing of the Casualty Actuarial Society (CAS) who has successfully completed CAS examinations covering U.S. law, U.S. financial regulation, and advanced property/casualty reserving, or

(ii) A member in good standing of the American Academy of Actuaries who has been approved as qualified for signing casualty loss reserve opinions by the Casualty Practice Council of the American Academy of Actuaries.

“Insurer” means an insurer or reinsurer authorized to write property and/or casualty insurance under the laws of any state and who files on the Property and Casualty Blank.

“Actuarial Report” means a document or other presentation, prepared as a formal means of conveying the actuary’s professional conclusions and recommendations, of recording and communicating the methods and procedures, of assuring that the parties addressed are aware of the significance of the actuary’s opinion or findings and that documents the analysis underlying the opinion. The expected content of the report is further described in paragraph 7.

“Long Duration Contracts” refers to contracts, excluding financial guaranty contracts, mortgage guaranty contracts and surety contracts, that fulfill both of the following conditions: (1) the contract term is greater than or equal to thirteen months and (2) the insurer can neither cancel nor increase the premium during the contract term.

1B. Exemptions

An insurer who intends to file for one of the exemptions under this Section must submit a letter of intent to its domiciliary commissioner no later than December 1 of the calendar year for which the exemption is to be claimed. The commissioner may deny the exemption prior to December 31 of the same year if he or she deems the exemption inappropriate.

A copy of the approved exemption must be filed with the Annual Statement in all jurisdictions in which the company is authorized.

Exemption For Small Companies

An insurer that has less than $1,000,000 total direct plus assumed written premiums during a calendar year, and less than $1,000,000 total direct plus assumed loss and loss adjustment expense reserves at year-end, in lieu of the Actuarial Opinion required for the calendar year, may submit an affidavit under oath of an officer of the insurer that specifies the amounts of direct plus assumed written premiums and direct plus assumed loss and loss adjustment reserves.

Exemption for Insurers under Supervision or Conservatorship

Unless ordered by the domiciliary commissioner, an insurer that is under supervision or conservatorship pursuant to statutory provision is exempt from the filing requirements contained herein.

Exemption for Nature of Business

An insurer otherwise subject to the requirement and not eligible for an exemption as enumerated above may apply to its domiciliary commissioner for an exemption based on the nature of business written.
Financial Hardship Exemption

An insurer otherwise subject to this requirement and not eligible for an exemption as enumerated above may apply to the commissioner for a financial hardship exemption. Financial hardship is presumed to exist if the projected reasonable cost of the Actuarial Opinion would exceed the lesser of:

(i) One percent of the insurer’s capital and surplus reflected in the insurer’s latest quarterly statement for the calendar year for that the exemption is sought; or

(ii) Three percent of the insurer’s direct plus assumed premiums written during the calendar year for which the exemption is sought as projected from the insurer’s latest quarterly statements filed with its domiciliary commissioner.

1C. Special Requirements for Pooled Companies

The following paragraphs apply to companies that are members of an intercompany pooling arrangement whereby there is one lead company that has 100% of the pooled business and all other companies have a 0% share of the pool (no reported Schedule P data).

All companies in the pool shall submit a “pooled opinion” that includes a description of the pool, identification of the lead company, and a listing of all companies in the pool. The IRIS ratios, risk of material adverse deviation discussion, and other relevant comments shall relate to the pooled risks and to the surplus of the lead company.

Exhibits A and B for each company in the pool should represent the company’s share of the pool and should reconcile to the financial statement for each company. For non-lead companies, the responses in Exhibit B to question 5 should be $0 and to question 6 should be “not applicable.” Also for the non-lead companies, Exhibits A and B of the lead company should be attached as an addendum to the PDF file and/or hard copy being filed (but would not be reported by the non-lead company in their data capture).

2. The Statement of Actuarial Opinion must consist of an IDENTIFICATION paragraph identifying the Appointed Actuary; a SCOPE paragraph identifying the subjects on which an opinion is to be expressed and describing the scope of the actuary’s work; an OPINION paragraph expressing his or her opinion with respect to such subjects; and one or more additional RELEVANT COMMENTS paragraphs. These four Sections must be clearly designated.

3. The IDENTIFICATION paragraph should specifically indicate the Appointed Actuary’s relationship to the company, qualifications for acting as appointed actuary, date of appointment, and specify that the appointment was made by the Board of Directors, or its equivalent, or by a committee of the Board.

A member of the American Academy of Actuaries qualifying under paragraph 1.A. (ii) must attach, each year, a copy of the approval letter from the Academy.

These Instructions require that a “qualified actuary” prepare the Opinion. Nevertheless, if a person who does not meet the definition of a “qualified actuary” has been approved by the insurance regulatory official of the domiciliary state, the company must attach, each year, a letter from that official stating that the individual meets the state’s requirements for rendering the Opinion.
4. The SCOPE paragraph should contain a sentence such as the following:

“I have examined the actuarial assumptions and methods used in determining reserves listed in Exhibit A, as shown in the Annual Statement of the Company as prepared for filing with state regulatory officials, as of December 31, 20__.“

Exhibit A should list those items and amounts with respect to which the Appointed Actuary is expressing an opinion.

The Appointed Actuary should state that the items in the SCOPE, on which he or she is expressing an opinion, reflect the Loss Reserve Disclosure items (8 thru 13) in Exhibit B.

The SCOPE paragraph should include a paragraph such as the following regarding the data used by the Appointed Actuary in forming the opinion:

“In forming my opinion on the loss and loss adjustment expense reserves, I relied upon data prepared by __________ (name, affiliation and relation to Company). I evaluated that data for reasonableness and consistency. I also reconciled that data to Schedule P – Part 1 of the company’s current Annual Statement. In other respects, my examination included such review of the actuarial assumptions and methods used and such tests of the calculations as I considered necessary.”

5. The OPINION paragraph should include a sentence that at least covers the points listed in the following illustration:

“In my opinion, the amounts carried in Exhibit A on account of the items identified:

A. Meet the requirements of the insurance laws of (state of domicile).
B. Are computed in accordance with accepted actuarial standards and principles.
C. Make a reasonable provision for all unpaid loss and loss expense obligations of the Company under the terms of its contracts and agreements.”

If the Scope includes material Unearned Premium Reserves for Long Duration Contracts, the Opinion should cover the following illustration:

D. “Make a reasonable provision for the unearned premium reserves for long duration contracts of the Company under the terms of its contracts and agreements.

If there is any aggregation or combination of items in Exhibit A, the opinion language should clearly identify the combined items.

Insurance laws and regulations shall at all times take precedence over the actuarial standards and principles.

If the actuary has relied on the Actuarial Opinion of another actuary (such as for pools and associations, for a subsidiary, or for special lines of business), the other actuary must be identified by name and affiliation within the OPINION paragraph.

A statement of actuarial opinion should be made in accordance with one of the following sections (a-e). The actuary must explicitly identify in Exhibit B which category applies.

a. Determination of Reasonable Provision. When the stated reserve amount is within the actuary’s range of reasonable reserve estimates, the actuary should issue a statement of actuarial opinion that the stated reserve amount makes a reasonable provision for the liabilities associated with the specified reserves.

b. Determination of Deficient or Inadequate Provision. When the stated reserve amount is less than the minimum amount that the actuary believes is reasonable, the actuary should issue a statement of actuarial opinion that the stated reserve amount does not make a reasonable provision for the liabilities associated with the specified reserves.
c. **Determination of Redundant or Excessive Provision.** When the stated reserve amount is greater than the maximum amount that the actuary believes is reasonable, the actuary should issue a statement of actuarial opinion that the stated reserve amount does not make a reasonable provision for the liabilities associated with the specified reserves.

d. **Qualified Opinion.** When, in the actuary’s opinion, the reserves for a certain item or items are in question because they cannot be reasonably estimated or the actuary is unable to render an opinion on those items, the actuary should issue a qualified statement of actuarial opinion. Such a qualified opinion should state whether the stated reserve amount makes a reasonable provision for the liabilities associated with the specified reserves, except for the item, or items, to which the qualification relates. The actuary is not required to issue a qualified opinion if the actuary reasonably believes that the item or items in question are not likely to be material.

e. **No Opinion.** The actuary’s ability to give an opinion is dependent upon data, analyses, assumptions, and related information that are sufficient to support a conclusion. If the actuary cannot reach a conclusion due to deficiencies or limitations in the data, analyses, assumptions, or related information, then the actuary may issue a statement of no opinion. A statement of no opinion should include a description of the reasons why no opinion could be given.

6. The Appointed Actuary must provide RELEVANT COMMENT paragraphs to address the following topics of regulatory importance.

a. **Risk of Material Adverse Deviation**

   The Appointed Actuary must provide specific RELEVANT COMMENT paragraphs to address the risk of material adverse deviation. The actuary must identify the materiality standard and the basis for establishing this standard. The materiality standard must be disclosed in SUS in Exhibit B: Disclosures. The actuary should explicitly state whether or not he or she reasonably believes that there are significant risks and uncertainties that could result in material adverse deviation. If such risk exists, the actuary should include an explanatory paragraph to describe the major factors, combination of factors, or particular conditions underlying the risks and uncertainties that the actuary reasonably believes could result in material adverse deviation. The explanatory paragraph should not include general, broad statements about risks and uncertainties due to economic changes, judicial decisions, regulatory actions, political or social forces, etc., nor is the actuary required to include an exhaustive list of all potential sources of risks and uncertainties.

b. **Other Disclosures in Exhibit B**

   RELEVANT COMMENT paragraphs should describe the significance of each of the remaining Disclosure items in Exhibit B. The actuary should address the items individually and in combination when commenting on a material impact.

c. **Reinsurance**

   RELEVANT COMMENT paragraphs should address retroactive reinsurance, financial reinsurance and reinsurance collectability. Before commenting on reinsurance collectability, the actuary should solicit information from management on any actual collectability problems, review ratings given to reinsurers by a recognized rating service, and examine Schedule F for the current year for indications of regulatory action or reinsurance recoverable on paid losses over 90 days past due. The comment should also reflect any other information the actuary has received from management or that is publicly available about the capability or willingness of reinsurers to pay claims. The actuary’s comments do not imply an opinion on the financial condition of any reinsurer.

   Financial reinsurance refers to contracts referenced in SSAP No. 62, of the NAIC Accounting Practices and Procedures Manual in which credit is not allowed for the ceding insurer because the arrangements do not include a transfer of both timing and underwriting risk that the reinsurer undertakes in fact to indemnify the ceding insurer against loss or liability by reason of the original insurance.
d. IRIS Ratios

If the company reserves will create exceptional values using the NAIC IRIS Tests for One-Year Reserve Development to Surplus, Two-Year Reserve Development to Surplus and Estimated Current Reserve Deficiency to Surplus, the actuary must include RELEVANT COMMENT on the factors that led to the unusual value(s).

e. Methods and Assumptions

If there has been any significant change in the actuarial assumptions and/or methods from those previously employed, that change should be described in a RELEVANT COMMENT paragraph.

7. The Actuarial Opinion must include assurance that an Actuarial Report and underlying actuarial workpapers supporting the actuarial opinion will be maintained at the company and available for regulatory examination for seven years. The Actuarial Report contains significant proprietary information. It is expected that the Report be held confidential and is not intended for public inspection. The report must be available by May 1 of the year following the year-end for which the opinion was rendered or within two weeks after a request from an individual state commissioner.

The Actuarial Report should be consistent with the documentation and disclosure requirements of ASOP #9. The Actuarial Report should contain both narrative and technical components. The narrative component should provide sufficient detail to clearly explain to company management, the regulator, or other authority the findings, recommendations and conclusions, as well as their significance. The technical component should provide sufficient documentation and disclosure for another actuary practicing in the same field to evaluate the work. This technical component must show the analysis from the basic data, e.g., loss triangles, to the conclusions.

The Report must also include:

- An exhibit which ties to the Annual Statement and compares the Actuary’s conclusions to the carried amounts;
- Summary exhibit(s) of either the actuary’s best estimate, range of reasonable estimates, or both, that led to the conclusion in the OPINION paragraph regarding the reasonableness of the provision for all unpaid loss and loss adjustment expense obligations;
- Documentation of the required reconciliation from the data used for analysis to the Annual Statement Schedule P;
- Extended comments on trends that indicate the presence or absence of risks and uncertainties that could result in material adverse deviation; and
- Extended comments on factors that led to unusual IRIS ratios for One-Year Reserve Development to Surplus, Two-Year Reserve Development to Surplus, or Estimated Current Reserve Deficiency to Surplus, and how these factors were addressed in prior and current analyses.

8. The statement should conclude with the signature of the Appointed Actuary responsible for providing the Actuarial Opinion and the date when the opinion was rendered. The signature and date should appear in the following format:

______________________________
Signature of actuary
Printed name of actuary
Address of actuary
Telephone number of actuary
Date opinion was rendered

©1984 – 2010 National Association of Insurance Commissioners
9. The insurer required to furnish an Actuarial Opinion shall require its Appointed Actuary to notify its Board of Directors or its audit committee in writing within five (5) business days after any determination by the Appointed Actuary that the Opinion submitted to the domiciliary Commissioner was in error as a result of reliance on data or other information (other than assumptions) that, as of the balance sheet date, was factually incorrect. The Opinion shall be considered to be in error if the Opinion would have not been issued or would have been materially altered had the correct data or other information been used. The Opinion shall not be considered to be in error if it would have been materially altered or not issued solely because of data or information concerning events subsequent to the balance sheet date or because actual results differ from those projected.

Notification shall be required for any such determination made between the issuance of the Opinion and the balance sheet date that the next Opinion will be issued. The notification should include a summary of such findings and an amended Opinion.

An insurer who is notified pursuant to the preceding paragraphs shall forward a copy of the summary and the amended Opinion to the domiciliary Commissioner within five (5) business days of receipt of such and shall provide the Appointed Actuary making the notification with a copy of the summary and amended Opinion being furnished to the domiciliary Commissioner. If the Appointed Actuary fails to receive such copy within the five (5) business day period referred to in the previous sentence, the Appointed Actuary shall notify the domiciliary Commissioner within the next five (5) business days that the submitted Opinion should no longer be relied upon or such other notification recommended by the actuary’s attorney.

If the Appointed Actuary learns that the data or other information relied upon was factually incorrect, but cannot immediately determine what, if any, changes are needed in the Actuarial Opinion, the actuary and the company should undertake as quickly as is reasonably practical those procedures necessary for the actuary to make the determination discussed above. If the insurer does not provide the necessary data corrections and other support (including financial support) within ten (10) business days, the actuary should proceed with the notification discussed above.

No Appointed Actuary shall be liable in any manner to any person for any statement made in connection with the above paragraphs if such statement is made in a good faith effort to comply with the above paragraphs.

10. Data in Exhibits A and B are to be filed in both print and data capture format.

### Exhibit B: DISCLOSURES
DATA TO BE FILED IN BOTH PRINT AND DATA CAPTURE FORMATS

NOTE: Exhibit B should be completed for Net dollar amounts included in the SCOPE. If an answer would be different for Direct and Assumed amounts, identify and discuss the difference within RELEVANT COMMENTS.

1. Name of the Appointed Actuary
   Last _______ First _______ Mid _______

2. The Appointed Actuary’s Relationship to the Company.
   Enter E or C based upon the following:
   
   E  if an Employee
   C  if a Consultant

3. The Appointed Actuary is a Qualified Actuary based upon what qualification? Enter F, A, M, or O based upon the following:
   
   F  if a Fellow of the Casualty Actuarial Society (FCAS)
   A  if an Associate of the Casualty Actuarial Society (ACAS)
   M  if not a member of the Casualty Actuarial Society, but a Member of the American Academy of Actuaries (MAAA) approved by the Casualty Practice Council, as documented with the attached approval letter.
   O  for Other

4. Type of Opinion, as identified in the OPINION paragraph. Enter R, I, E, Q, or N based upon the following:
   
   R  if Reasonable
   I  if Inadequate or Deficient Provision
   E  if Excessive or Redundant Provision
   Q  if Qualified. Use Q when part of the OPINION is Qualified.
   N  if No Opinion

5. Materiality Standard expressed in US dollars (Used to Answer Question #6) $ ________

6. Is there a Significant Risk of Material Adverse Deviation? Yes [ ] No[ ] Not Applicable [ ]

7. Statutory Surplus (Liabilities, Col 1, Line 35) $ ________

8. Anticipated net salvage and subrogation included as a reduction to loss reserves as reported in Schedule P (should equal Part 1 Summary, Col 23, Line 12 * 1000) $ ________

9. Discount included as a reduction to loss reserves and loss expense reserves as reported in Schedule P
   
   9.1 Nontabular Discount [Notes, Line 31B23, (Amounts 1, 2, 3 & 4)], Electronic Filing Cols 7, 8, 9, & 10, $ ________
   
   9.2 Tabular Discount [Notes, Line 31A23, (Amounts 1 & 2)], Electronic Filing Col 7 & 8, $ ________

10. The net reserves for losses and expenses for the company’s share of voluntary and involuntary underwriting pools’ and associations’ unpaid losses and expenses that are included in reserves shown on the Liabilities, Surplus and Other Funds page, Losses and Loss Adjustment Expenses lines. $ ________

11. The net reserves for losses and loss adjustment expenses that the company carries for the following liabilities included on the Liabilities, Surplus and Other Funds page, Losses and Loss Adjustment Expenses lines. *

11.1 Asbestos, as disclosed in the Notes to Financial Statements (Notes, Line 32A03D, ending net asbestos reserves for current year) Electronic Filing Col 11 $_____

11.2 Environmental, as disclosed in the Notes to Financial Statements (Notes, Line 32D03D, ending net environmental reserves for current year), Electronic Filing Col 11 $_____

12. The total claims made extended loss and expense reserve (Schedule P Interrogatories).

12.1 Amount reported as loss reserves $_____

12.2 Amount reported as unearned premium reserves $_____

13. Other items on which the Appointed Actuary is providing Relevant Comment (list separately) $_____

* The reserves disclosed in item 11 above, should exclude amounts relating to contracts specifically written to cover asbestos and environmental exposures. Contracts specifically written to cover these exposures include Environmental Impairment Liability (post 1986), Asbestos Abatement, Pollution Legal Liability, Contractor’s Pollution Liability, Consultant’s Environmental Liability, and Pollution and Remediation Legal Liability.
