

Comment 10—Steven Visner—9/3/2020—4:09 p.m.

I may have misinterpreted the exposure draft, and if so please ignore my previous comments. You may mean that you need to be a AAA member if you are not a Fellow of the CAS or SOA. If that's true perhaps that should be clarified

Although I'm not sure why subsections d1 and d2 require Fellowship since I believe associates are allowed to issue opinions as well as Fellows
