I am an Associate of the Casualty Actuarial Society and a Member of the American Academy of Actuaries.

In attending a seminar today from the Casualty Actaries of New England (CANE), I became aware of the discussion related to including Diversity, Equity & Inclusion as a professionalism topic in our US Qualification Standards.

I am writing in support of the proposal that Diversity, Equity & inclusion education be considered a Professionalism topic for the purposes of US Qualification Standards, as described in a June 12th letter submitted to the Academy from CAS President Steven Armstrong. A link to this letter is included below.
