Hello,

I am an Associate of the Casualty Actuarial Society. I am writing in support of the proposal that Diversity, Equity & Inclusion education be considered a Professionalism topic for the purposes of US Qualification Standards, as described in this letter

https://www.casact.org/cms/files/DEI_Professionalism_Memo_to_Academy.pdf submitted to the Academy from CAS President Steven Armstrong. I personally believe the third option he recommends is best, as it continues to maintain the Professionalism category as it currently stands in regards to the way an actuary works professionally, while adding another dimension about professional ethics and DEI professionalism beyond the actuarial work product.

Thank you for your consideration.

Michelle Zimmerman, ACAS
