

**Comment #28—10/4/2020—9:07 p.m.**

I'd like to thank the Committee on Qualifications for the opportunity to comment on the recent exposure draft on the U.S. Qualification Standards. It should go without saying, but the views I express are my own and not those of my employer, my clients, or any organization to which I belong.

In response to the two questions in the transmittal memo:

1. I think the exposure draft is clear. I can't think of any changes I would make to improve clarity.
2. As an Enrolled Actuary, I think the language in the exposure draft is a tremendous improvement over that of the current Qualification Standards. I think the requirements are clear.

Thank you,

David Fleiss, ASA, EA, FCA, MAAA
