Good morning,

I write to express my support for Steven Armstrong's (CAS President) proposal to explicitly recognize diversity, equity, and inclusion (DE&I) topics in the U.S. Qualification Standards. In his letter, he gives 3 options for consideration, including classifying DE&I as a professionalism topic and requiring 1 credit of DE&I per year for all members. I fully support these options and strongly urge the Academy to take action on the proposal by amending the exposure draft of the U.S. Qualification Standards to include DE&I in these ways. This action would affirm our shared commitment to learning and action in pursuit of a world in which all people are valued and treated equally.

Thank you for your consideration on this important topic.
